OBJECTIVES

- Allow Ph.D. students to exhibit, discuss and exchange their research work.
- Enabling Ph.D. students to experience organizing scientific events.
- Benefit from the experiences of speakers and researchers participating in the "EABioS 2023" seminar on important themes for our country: Water, Agriculture, Biotechnology and Health.

AUTHORS INSTRUCTIONS

Please complete and send the attached registration form and your abstract using the attached template in Word format to: seminairebiologie2023@gmail.com

DATES

- January 05th, 2023: Deadline for submission of abstracts
- January 20th, 2023: Notice of acceptance
- February 15th-16th, 2023: EABioS 2023 Seminar
