STUDY IN A TRULY GLOBAL UNIVERSITY WITH STUDENTS FROM SEVERAL COUNTRIES
WELCOME TO THE WORLD OF EXCELLENCE

Integral University has a unique culture of inclusiveness, diversity, personal and intellectual integrity and value-based education. The curriculum has a strong focus on individual growth and the development of essential tools so that its students make a mark in the corporate world and the field of technology. These are solidly supported by a highly qualified and trained team of accomplished faculty and robust academic infrastructure. It always maintains a high standard of educational excellence and continuously strives to create a learning-friendly environment. Integral University, because of its marvellous contribution in the fields of Science & Technology in the very first decade of its existence, has established laudable credentials among the leading universities of the country. It is going to enter the orbit of the second decade with a fresh commitment to imparting value-based quality education and inculcating the spirit of enquiry, humanity and civility in its students so as to make them proud sons & daughters of India. The miraculous achievements of Integral University in the first decade of its journey beggars description. It strengthened the Faculty of Engineering and established the faculties of Pharmacy, Education, Health & Medical Sciences (Integral Institute of Medical Sciences and Research with a 500 + bedded multispeciality hospital), Agriculture, Humanities and Social Sciences, Distance Education and two Polytechnics. By 2020 India would be having the youngest workforce. To cope with the global requirement and for India to play a vital role in outsourcing experts, the University is going to take up vocational training programmes to groom new and skilled workforce. By utilizing the facilities of Information and Communication Technology (ICT), the

University has geared up to launch Massive Open Online Courses (MOOC) under the distance education programme to increase the rate of literacy and an inclusive development through education.

The University is at present laying focus and stress on research programmes and career advancement of students. Interactive efforts with over twenty five renowned universities and research organizations through MOUs for research activities and campus selection of students by national and multinational organizations bear a glowing testimony to these efforts. It is gratifying to note that Integral University has had a successful placement-history even at the height of recent recession. This has been made possible only through the ongoing interface with the corporate world, ensuring that we provide the best equipped talent to them for the growing economy and global demands. The University has also taken affirmative action in the context of community welfare activities through NSS programmes in collaboration with the State Government, which includes child health and cleanliness of villages in the vicinity of the University campus, thereby creating an awareness among citizens regarding the need to be alert and sensitive to civic problems and finding solutions through participation. Integral University is not only an academic institution but also a mission and a vision to make the country progressive and prosperous in all walks of life. I, therefore, invite all the aspirants who are in quest of quality education to join this University to serve the nation and the world at large.

CAMPUS & FACILITIES

The University campus is well equipped with resources and facilities conducive to academic and research pursuits. The campus design allows the freedom to express oneself in an academically-challenging environment. The built environment is committed to social and environmental responsibility which promotes collaborative learning between different disciplines, among individuals and across diverse populations on campus. Integral University is committed to respecting the beauty, order and intrinsic character of the campus as enrollment grows and the academic mission continues to evolve.

Constructs

The campus design had weaved together student life, academics, and recreational sports housed in separate buildings into a cohesive whole. The university's core campus is divided neatly between the formal "front part," defined by the institution's most significant buildings comprising administrative, academic and library cum auditorium complex, recreational spaces such as canteens, sports ground etc. and the "back part" with residential units. The academic buildings are well equipped with learning resources in form of classrooms, lecture theaters, smart classrooms, laboratories, computer centers, common rooms along with basic services and informal spaces supportive of learning environment.

Informal Flexible Learning Spaces and Landscape

Courtyards and "out of the way" seating areas are integrated into the building design which provides a sense of delight and helps in collaborative learning. Landscape and architectural interventions transform the open areas into an active and iconic open space that reinforces the identity of the University.

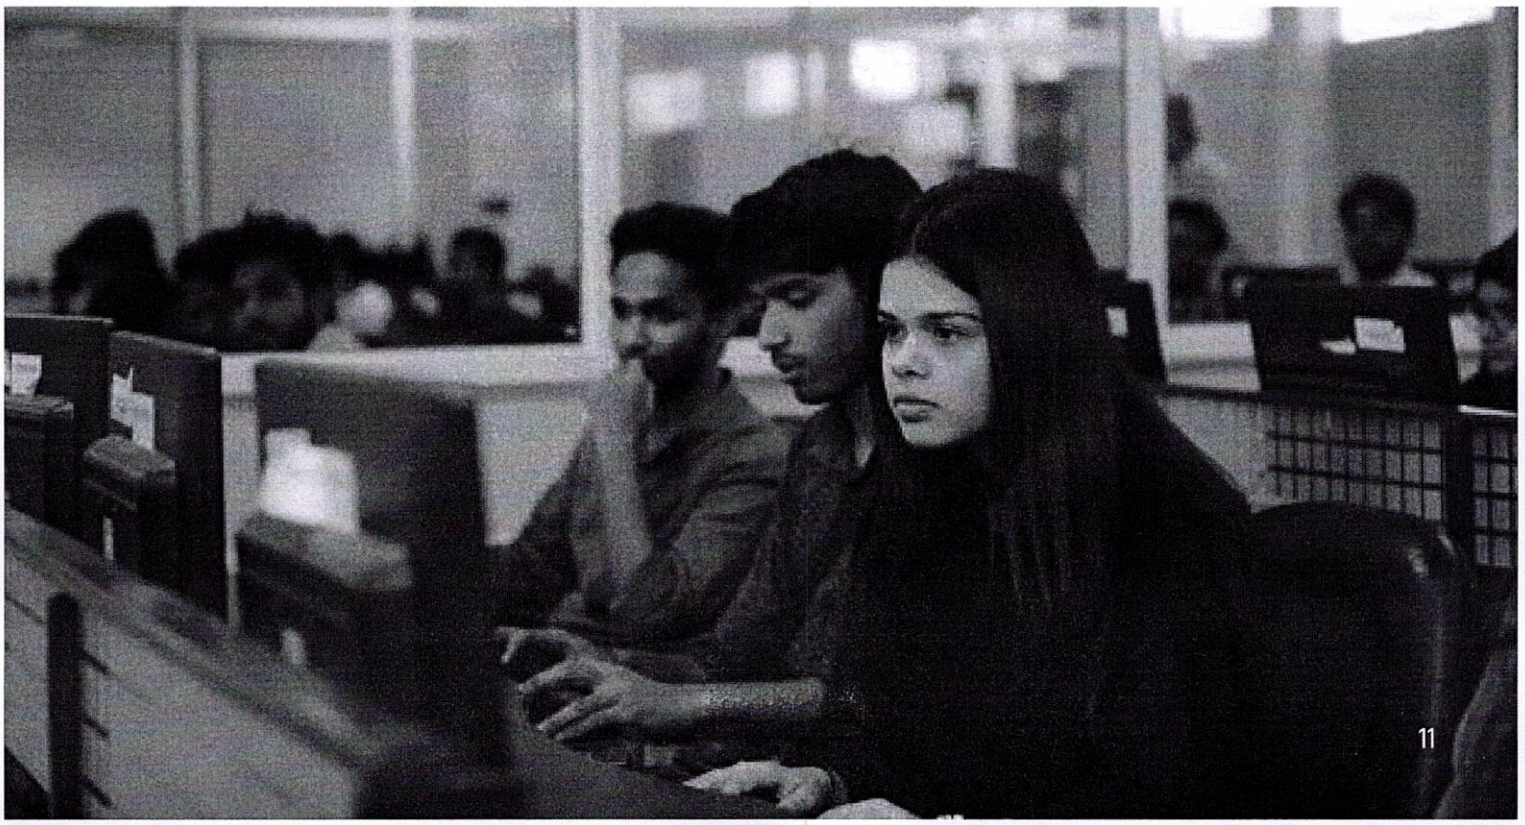
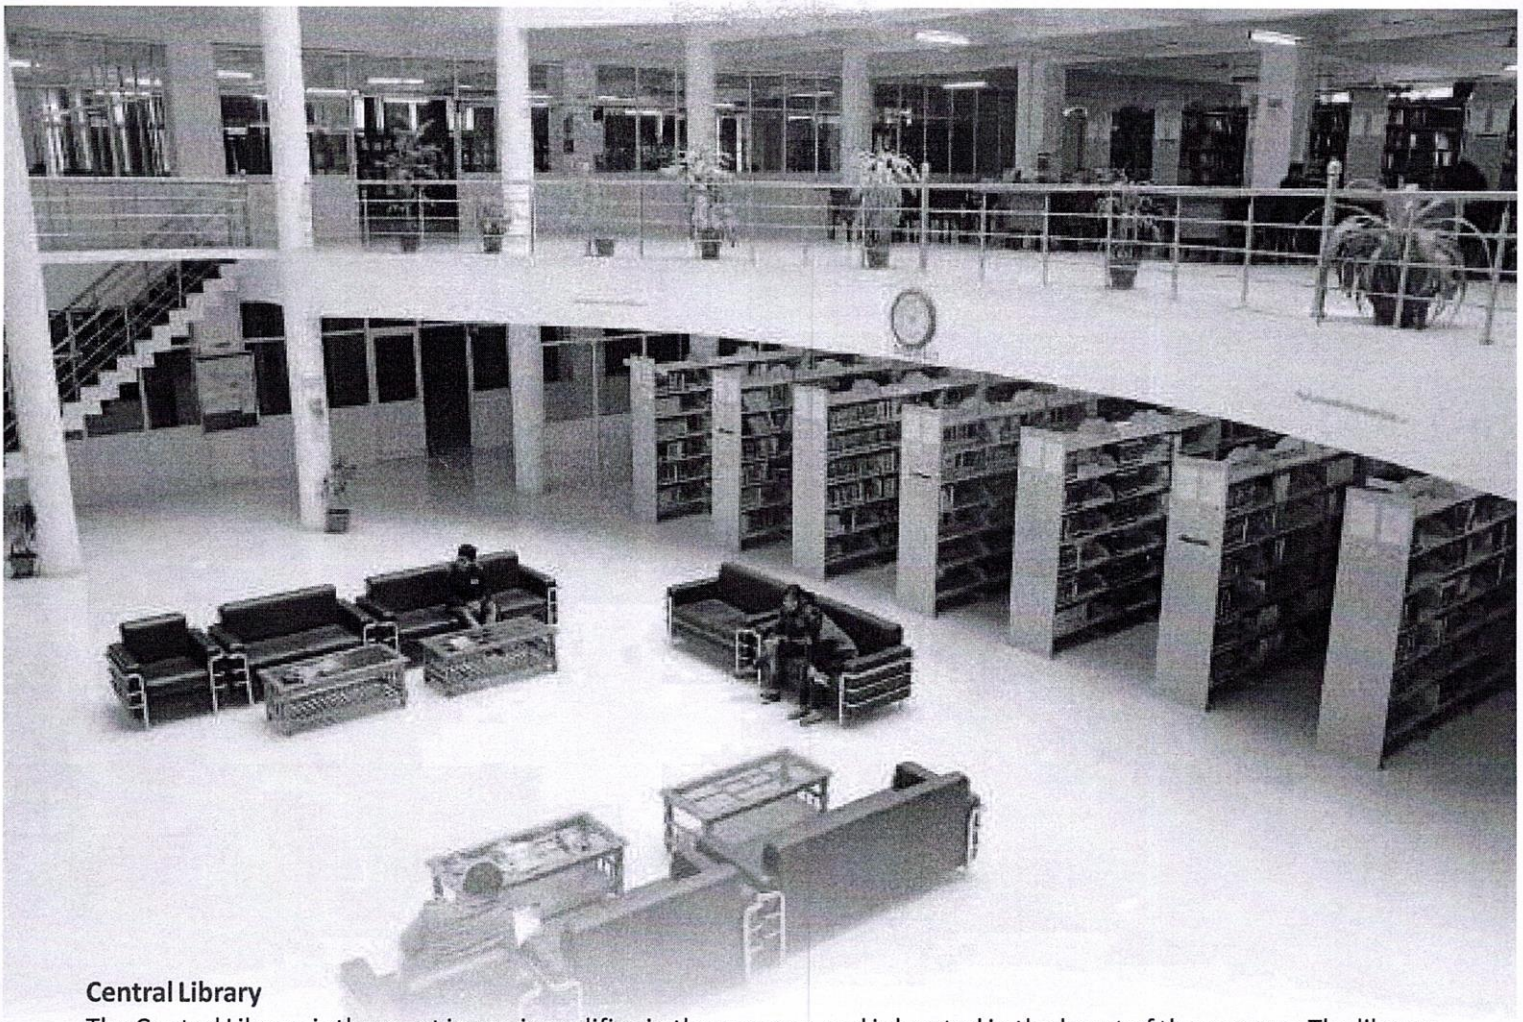
Computer Centre
The Computer Centre caters to the computing needs of the faculty, staff and students for their research, teaching and learning activities. The University has a fully air-conditioned state-of-the-art Computer Centre with over thousand computer terminals. It has a number of high-end servers. Apart from hardware resources, the Computer Centre provides a wide range of systems and application software like statistical packages, image processing packages, RDBMS software and other advanced and special purpose software.





Central Library

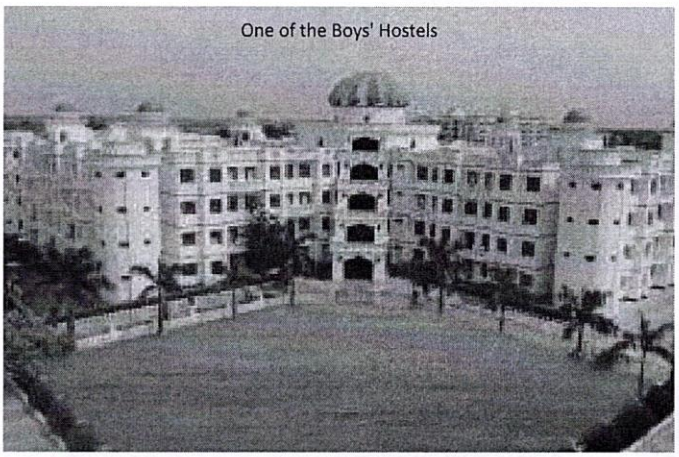
The Central Library is the most imposing edifice in the campus, and is located in the heart of the campus. The library houses a rich collection of over 130 thousand documents consisting of books, print journals, PhD theses, Masters dissertations and CDs/DVDs. The Central Library has been growing steadily in terms of physical facilities, excellent collection of documents, proper number of trained personnel and remarkable service record. The Library has a seating capacity of about 800 persons. The Library offers to its users an exclusive library portal, 24X7 Ask-A-Librarian service, Current Content Service, New Arrivals Service, News Alert Service, User Orientation/Information Literacy program, Suggest a Book Service, separate reading room for faculty and researchers, Digital Resource Centre for accessing e-resources, CCTV surveillance, campus-wide access to e-journals and e-books, 13 hours automated issue & return facility and access to previous years' question papers through its portal.

Central Auditorium

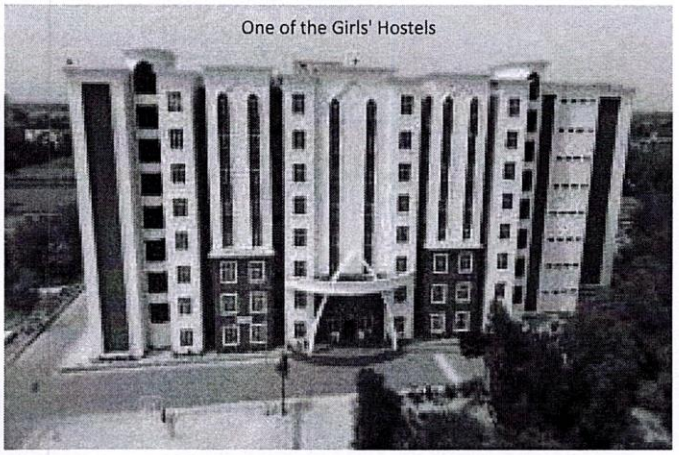
The Central Auditorium Complex is located in the heart of the campus. It serves as the convergence point of all activities in the campus. The complex has high utility on account of several national and international conference, expert lectures, symposia and seminars and student functions. The complex can accommodate upto 900 persons.

Hostels

The University has well-equipped and spacious hostels for boys and girls, with the capacity to accommodate more than 2500 students. Clean and hygienic mess facility is provided in all hostels.



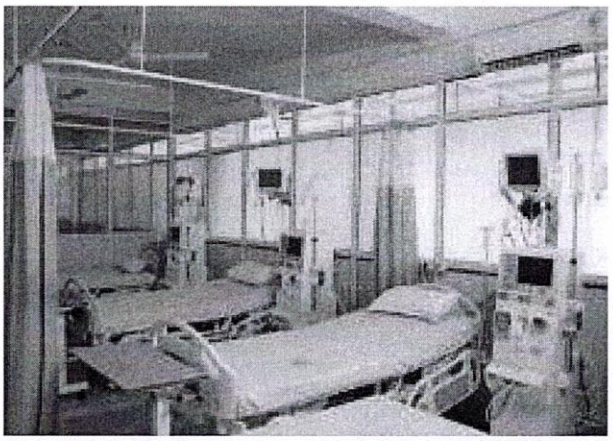
One of the Boys' Hostels

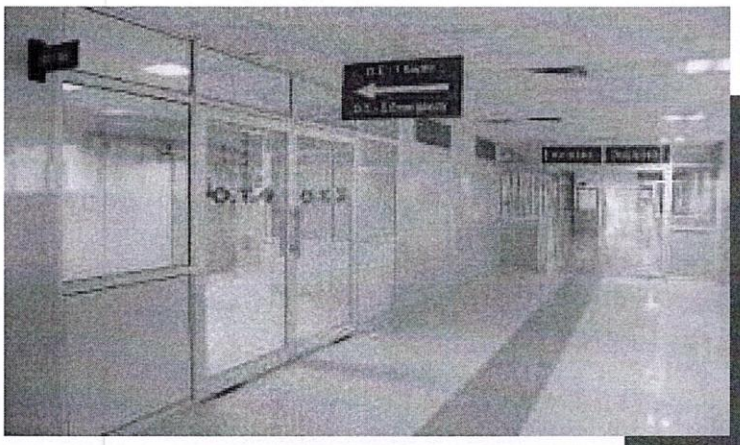


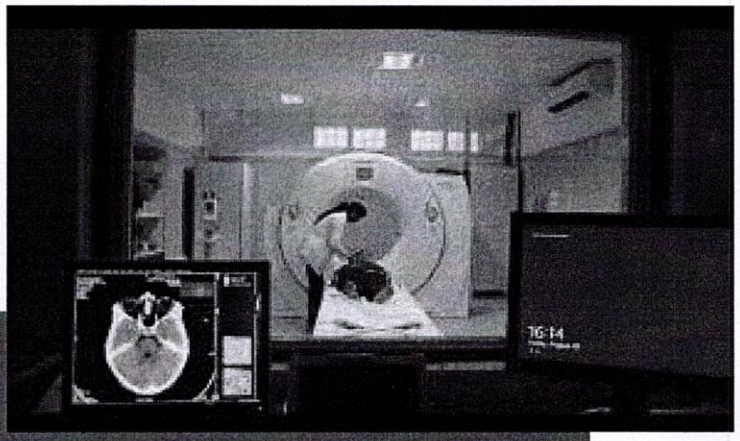
One of the Girls' Hostels

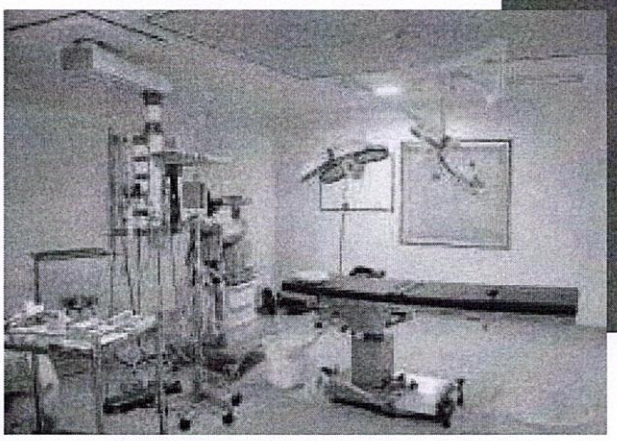
Hospital and Medical Facilities

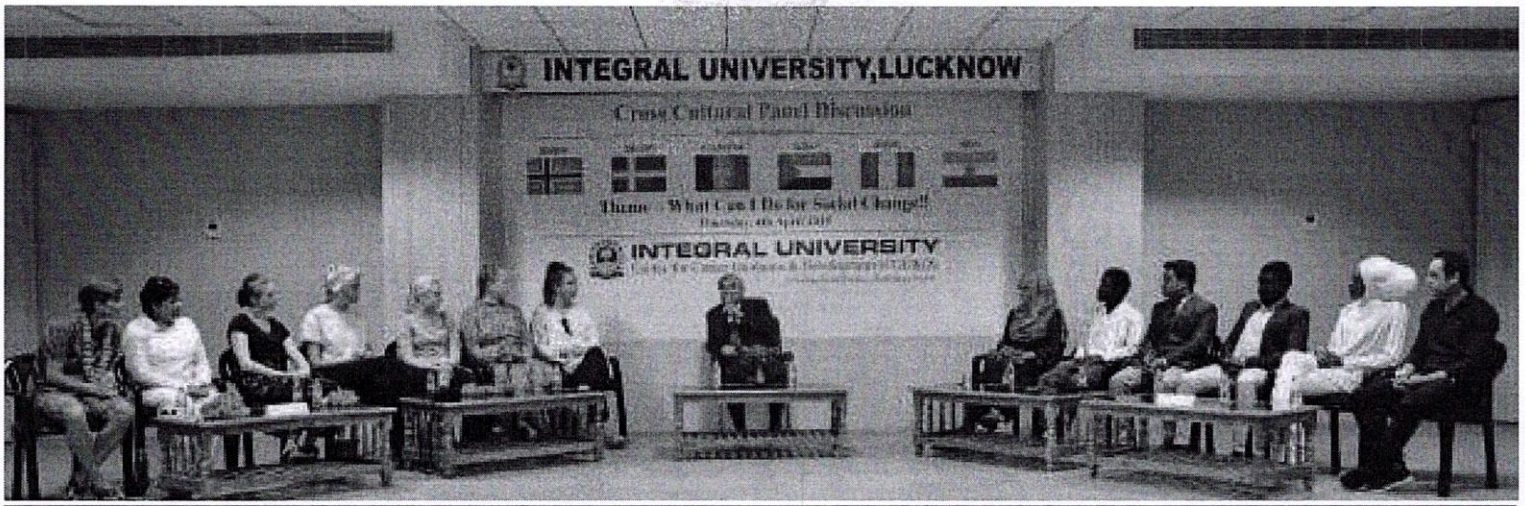
The University has a full-fledged and well-equipped hospital with 550 beds. The hospital has 14 OPDs and 26 wards, with well equipped Pathology and Radiology labs. Qualified and experienced doctors and medical attendants are available round the clock to look after the students and employees in need of medical attention. The hospital has many ambulances that provide medical care to neighboring areas.











OFFICE OF INTERNATIONAL RELATIONS

- Dedicated team under the Foreign Students and Scholar Services Office
- Managing student on-boarding starting with the Orientation program, university tours, facilitation through the entire admissions process, opening of bank accounts, provision of mobile sim cards etc.
- Weekly counselling of students to advise them about life on campus
